RE: Upcoming LCCMR meetings and 2009 schedule

Thank you for responding with your available dates for 2009 LCCMR meetings. We have drafted a suggested meeting schedule (see below) based on input from a majority of members. As you can imagine, there were no options that worked for everyone and we selected dates where the most number of members would be able to attend.

Our next meeting is scheduled for Tuesday, June 16. We will send you an agenda at a later date. At that meeting we will review the 2009 schedule and discuss any necessary adjustments.

As always, contact us if you have any questions or suggestions.

2009 LCCMR Site Visit: East Metro and St. Croix River Valley
 Times subject to change
 Wednesday, June, 17, 2009

Site Visit Overview:

On the LCCMR Site Visit to the East Metro and St. Croix River Valley we will have the opportunity to discuss multiple, interrelated natural resource and environmental issues.

We will focus on:

- Scientific and Natural Areas (acquisition, restoration, and management)
- St. Croix River watershed issues, including water quality, land use, and ground water
- Prairie restoration
- Federal-state-local jurisdiction and partnership
- Species of interest including endangered mussel species and invasive species
- Groundwater and surface water interaction
- Metropolitan Regional Parks
