

2012-2013 Proposed Acquisition List

INSTRUCTIONS:

1. Fill in "Project Title", "Project Manager Name", and "Environment and Natural Resources Trust Fund \$ Request" (i.e., total dollar request of proposal to LCCMR).
2. Fill in information for each column for each acquisition parcel that is proposed as a potential location to spend the ENRTF funds (one row per parcel). Add or delete rows as necessary.
3. Use the "Notes" section at the bottom of the page to provide any additional information pertaining to the acquisition list (e.g., overview of methods or criteria used for selecting the parcels). If there is any requested information you are unable to provide for any of the parcels, please provide an explanation here.
4. Delete this whole row of "INSTRUCTIONS" and any unused rows at the bottom of the table before submission.
5. Document will be printed on letter size paper - landscape orientation - let rows expand to multiple lines to fit in applicable information.

COLUMN INSTRUCTIONS :

Parcel Name: Working title or name used to identify each proposed parcel. A "parcel" is one contiguous piece of property with the same owner(s)

Acquisition Type: Either fee title or conservation easement.

County: Name of county in which the proposed parcel is located.

Ecological Significance: Indicate type of ecosystem that exists on the proposed parcel (e.g., prairie, forest, wetland, savanna) and describe the ecological significance or any relevant context relating to the proposed parcel's natural resources.

of Acres: Size in acres of the proposed parcel to be acquired.

of Shoreline Miles (if applicable): Number of shoreline miles or part of shoreline that would be impacted by the proposed acquisition.

Proposed Fee-Title or Easement Holder (if applicable): Entity that will hold fee-title of proposed lands once acquired or that will own and manage the proposed conservation easement.

Geographic Coordinates: Location of the proposed parcel, preferably the center of the parcel (centroid). The coordinates should be provided in latitude and longitude.

Project Title:

Project Manager Name:

Environment and Natural Resources Trust Fund \$ Request: \$

#	Parcel Name	Acquisition Type (Fee Title or Conservation Easement)	County	Ecological Significance	# of Acres	# of Shoreline Miles (if applicable)	Proposed Fee Title or Easement Holder (if applicable)	Geographic Coordinates (Provide Latitude/ Longitude)	
								Lat.	Long.
