Good Morning Becca:

Members of the LCCMR asked for the cost per mile of LCCMR funds expended on completed or in development trails for the Mesabi Trail from 2014-2019 funds.

Total Miles;	31.1 miles
LCCMR Funds	\$6,097,515
Other Matching Funds	\$5,409,950
Cost per mile LCCMR Funds	\$ 196,061
Cost per mile other Funds	\$ 176,558
Cost per mile all Funds	\$ 372,619

Please note: This summary includes the extraordinary cost of building a 4,760' floating dock and a bridge over the Embarrass River, due to the inability to obtain the environmental permits to place the trail on an abandoned gravel road bed in the Darwin Meyers WMA.

In Total from 1993-on, 153.5 miles of trail have been completed or under development at a total cost of \$28,236,000 for an average cost of \$183,950. Of this, the LCCMR kindly granted \$12,899,000 and the Mesabi Trail received Federal and other funds in the amount of \$15,337,000.

Best Regards,

Gary Cerkvenik
