The following provides a summary of requirements for all efforts undertaken using monies from the ENRTF. These should be considered minimum requirements and may be modified in the future.

Project Requirements for ENRTF-Funded Projects

A. Trust Fund Not to Supplant Existing Funding

The Trust Fund may not be used as a substitute for traditional sources of funding environmental and natural resources activities, but the Trust Fund shall supplement the traditional sources. See [116P.03](#) for additional information.

B. Trust Fund Expenditures

Trust Fund dollars can only be spent for activities supporting the Fund's intended purpose. See [116P.08](#) and [Article XI, Section 14 of the Minnesota Constitution](#) for additional information.

C. Royalties, Copyrights, Patents, and Sale of Products and Assets

1. The Trust Fund owns and shall take title to the percentage of a royalty, copyright, or patent resulting from a project supported by the fund equal to the percentage of the project's total funding provided by the fund.
2. If a project supported by the fund results in net income from the sale of products or assets developed or acquired by an appropriation from the fund, the appropriation must be repaid to the fund in an amount equal to the percentage of the project's total funding provided by the fund. See [116P.10](#) for more information.

D. Work Plan and Progress Reports

As a condition of accepting an appropriation from the Trust Fund, an agency or entity receiving an appropriation or a party to an agreement from an appropriation must submit a work plan and annual or semiannual progress reports in the form determined by the Legislative-Citizen Commission on Minnesota Resources for any project funded in whole or in part with funds from the appropriation. Modifications to the approved work plan and budget expenditures must be made through the amendment process established by the Legislative-Citizen Commission on Minnesota Resources. See [116P.05 Subd. 2 \(b\)](#) for additional information.

E. Acknowledgement of Funding

A recipient of an appropriation from the Trust Fund must acknowledge financial support from the environment and natural resources trust fund in project publications, signage, and other public communications and outreach related to work completed using the appropriation. Acknowledgment may occur, as appropriate, through use of the trust-fund logo or inclusion of language attributing support from the trust fund.
