Total Biennial Project Budget

Result	Environmental Trust Fund	Environmental Trust Funds Spent	Environmental Trust Balance	Other Funds Proposed	Other Funds Spent
Restoration	\$50,000.00	\$50,000.00	\$0.00	\$15,000.00	\$1,275.27
Total	\$50,000.00	\$50,000.00	\$0.00	\$15,000.00	\$1,275.27

Work Program Summary

Overall Project Outcome and Results

Approximately 108,750 seedlings were planted on an estimated 511 acres of private lands on several sites within the HCP project areas 7 and 10. Three local NWTF Chapters located the sites, ordered the seedlings, and planted them. These seedlings are native to MN and were purchased from Lee's Nursery in Fertile, MN, Polk County. Lee's nursery was chosen because it provided quality native plants for habitat restoration and because it consistently provides good quality plant stock and cooperation.

Project Results Use and Dissemination

The results of this project will be disseminated through the NWTF National Office Communications Department, and will go out in the form of a press release. There potentially may be articles written for our member publications as well.
