FUNDING SOURCE: Environment and Natural Resources Trust Fund
LEGAL CITATION: ML 2008, CH 367, Sec. 2. Sub 3(c)

APPROPRIATION AMOUNT: \$250,000

Overall Project Outcome and Results

This project focused on the acquisition of habitat linkages that provided environmental protection of the shoreline and riparian zone, exhibited a high risk of development, supplied angler access, and afforded management access necessary for implementing habitat improvement projects.

Project goals were to protect 60 acres (1.2 miles of lake and stream shoreline) with the help of partner and other state funding. Partner funding includes donations of land value and cash.

Environment and Natural Resources Trust Fund dollars for this project enabled the acquisition of approximately 57.3 acres, including 0.5 miles of lake and stream shoreline. Additionally, leveraged dollars of donations of land value and cash (“other funds” \$1,117,828) enabled acquisition of another 103.8 acres and 1.0 shoreline miles, and other state monies (\$180,000) enabled acquisition of another 49.5 acres and 0.3 shoreline miles – a total of \$1,297,828 of other funds used in this project.

As a result of all funds used in this project, 210.6 acres, including 1.8 miles of critical shoreline fish and wildlife habitat, are now permanently protected and open to public angling and/or hunting - as well as other light use recreational activities. Acquired parcels are now designated and managed as Aquatic Management Areas (AMAs).

Project Results Use and Dissemination

Accomplishment Reports and press releases will be made available at <http://www.mnhabitatcorridors.org>, and all AMAs will be added to DNR’s Public Recreational Information Maps (PRIM).

Work Program Summary

Overall Project Outcome and Results

This project resulted in a grand total of approximately 180.4 acres and 1.8 miles of lake and stream shoreline being acquired as either easement or fee title. Environmental and Natural Resources Trust dollars directly acquired approximately 41.5 acres of the total, including 0.5 miles of lake and stream shoreline. Donations of land value and cash ("other funds" \$1,117,828) and other state monies (\$180,000) leveraged with trust dollars totaled \$1,297,828. These contributions helped acquire the remaining acres of the grand total, including 35.1 acres and 0.3 shoreline miles using state dollars and 103.8 acres and 1.0 shoreline miles from donations of land value and cash.

Project Results Use and Dissemination

This project complemented parcel acquisitions funded in the past with capital bonding, Trout Stamp, and Environmental Trust Fund dollars. The acquisition of aquatic management areas adjacent to lakes and streams ensured the protection of critical riparian habitat areas within sensitive watersheds and headwater areas, as well as, angler and management access. Acquisition under this segment concentrated in the following project areas: 2) Mississippi Headwaters, 3) Border Prairie, 4) Central Lakes, and 6) Upper Minnesota River. AMA parcels will be added to PRIM maps.

Acquisition Activities

Project Name: Buetow AMA
Tract: 1
Project Area: 2 - Mississippi Headwaters
Township: 142, Range: 28, Section: 16
Acquisition Holder: DNR-AMA
Description: Property includes 238 acres of land, with over 2 miles of shoreline on Headquarters Bay of Leech Lake in Cass County. The project will both protect the natural integrity of the shoreline habitat, and provide non-motorized public acces, including fishing, hunting, trapping, and other light use activities. This is a partnership project with TPL.

Of the \$1,200,000 needed to purchase this property, DNR used \$370,000(30.83%) and TPL used \$830,000(69.17%). Therefore, of the 238 acres and 11,000 feet of shoreline protected with this project, DNR and TPL's prorated accomplishments are 73.4(acres)3,480(shoreline feet) and 164.6(acres)7,520(shoreline feet). See below. Please note that Professional Services are not used in determining the prorated accomplishment credits.

| | DNR | TPL | Total |
|-----------------|-----------|-----------|-------------|
| Expenditures | \$370,000 | \$830,000 | \$1,200,000 |
| Prorated % | 30.83% | 69.7% | 100% |
| Acres | 73.4 | 164.6 | 238 |
| Shoreline(feet) | 3,480 | 7,520 | 11,000 |

TPL used \$480,000 of 2007 Environment and Natural Resources Trust Fund (ENRTF) (HCP Phase 4) money and DNR Fisheries used \$190,000 of 2008 ENRTF (HCP Phase 5) money towards this purchase. TPL negotiated the purchase of the property for \$175,000 less than its appraised fair market value of \$1,200,000, and thus \$175,000 of RIM funding could also be used. DNR Fisheries used \$180,000 of bonding money to fund the balance of the acquisition.
