Environment and Natural Resources Trust Fund Contract Management Measures

The OMBS Grants Unit tracks several basic metrics to judge trends in contract management work and set strategic and staffing goals for the year.

Open Grants Per Year

The number of open Environment and Natural Resources Grants per year increased sharply from 2015 to 2017, and then again slightly in 2019. Grants last an average of 2.25 years.

Payments to Grantees

Grant Specialists process 160 payments a year on average. While the number of payments has been increasing due to number of open grants, it is also dependent on individual grantee practices, as is shown with the dip in 2019. Payments are on track to increase in 2020.
