

M.L. 2025 Environment and Natural Resources Trust Fund (ENRTF) Appropriations by Subdivision

Process for M.L. 2025

For FY 2026 (July 1, 2025 - June 30, 2026), approximately \$103 million was available for funding from the Environment and Natural Resources Trust Fund (ENRTF).

The Legislative-Citizen Commission on Minnesota Resources (LCCMR) selected 124 projects totaling \$103,326,000 to recommend to the 2025 Minnesota Legislature for funding from the ENRTF. The recommendations were the result of the LCCMR's 2025 Request for Proposal (RFP) in which 214 proposals requesting a total of approximately \$183 million were received and considered through a competitive, multi-stage evaluation. The recommendations ranged from funding the full proposal and dollar amount requested to partial funding for specific proposal elements.

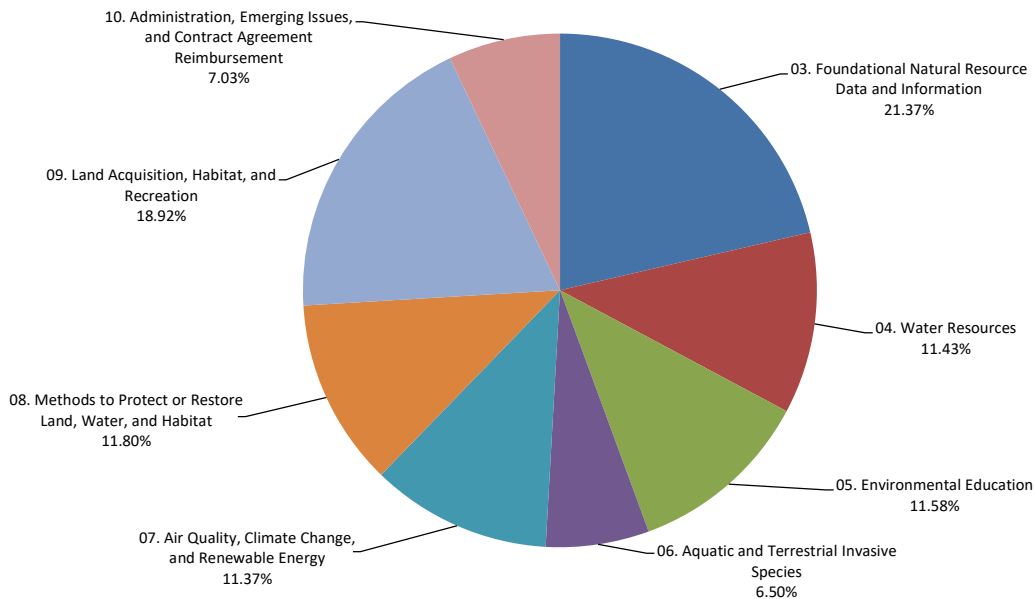

On June 9, 2025, the legislature approved the 124 projects for funding from the ENRTF, as recommended by the LCCMR. On June 14, 2025, the 124 appropriations were signed into law by the Governor as M.L. 2025, 1st Special Session, Chapter 1, Article 2, with \$103,326,000 from the ENRTF.
