Narrative

Project Summary: Provide contract management to ENRTF pass-through appropriation recipients for approximately 115 open grants. Ensure funds are expended in compliance with appropriation law, state statute, grants policies, and approved work plans.

Describe the opportunity or problem your proposal seeks to address. Include any relevant background information.

Provide continued contract management services to pass-through recipients of Environment and Natural Resource Trust Fund (ENRTF) dollars appropriated to the commissioner of natural resources.

What is your proposed solution to the problem or opportunity discussed above? Introduce us to the work you are seeking funding to do. You will be asked to expand on this proposed solution in Activities & Milestones.

This appropriation will be used to continue and enhance contract management services to pass-through recipients of ENRTF appropriations to the Commissioner of Natural Resources. The goal of contract management is to ensure that grantees are properly reimbursed and that organizations operate in compliance with ENRTF pass-through appropriation procedures, policies from the Department of Administration's Grants Management, ENRTF statute, and the recommendations of the Legislative Auditor. Contract management includes: grant agreements and amendments, training, technical assistance, reporting, fiscal monitoring, reimbursement request processing, and close-out of grants.

What are the specific project outcomes as they relate to the public purpose of protection, conservation, preservation, and enhancement of the state's natural resources?

The OMBS Grants Unit's goal is to provide pass-through recipients with the contract management, technical assistance, and grant monitoring they need to successfully complete their conservation work. The Grants Unit provides grantees with one consistent point of contact for their agreements and delivers timely, responsive, customer service. The Grants Unit also collaborates with LCCMR staff as necessary to ensure the appropriate administration of projects.

Activities and Milestones

Activity 1: Contract Management

Activity Budget: \$340,000

Activity Description:

The Grants Unit manages grant agreements for special environment and natural resource projects recommended by LCCMR and appropriated by the legislature to ensure that all projects operate in compliance with state and LCCMR requirements. Services include:

Contract Management

- o Meeting statutory and Office of Grants Management (OGM) requirements for grant agreements, including contract creation, payment requests, monitoring, and closeout
- o Processing reimbursement requests promptly, in compliance with state and DNR policies and LCCMR-approved workplan
- o Working closely with and responding to requests from the Office of the Legislative Auditor
- o Developing and maintaining accurate reports on Trust fund and individual project status
- o Working cooperatively with LCCMR staff and recipients to resolve questions and make changes
- o Improving processes to increase efficiency and ease for recipients while ensuring fiscal integrity

Training and Ongoing Communication

- o Training recipients on state requirements to ensure they understand the state's contract and reimbursement procedures and requirements
- o Providing ongoing technical assistance and one-on-one work with recipients where necessary
- o Responding to LCCMR requests for information or assistance

The Grants Unit uses a professional service rate to charge for work (\$72/hr FY23), with expenses charged only for actual hours worked and services delivered.

Activity Milestones:

Description	Approximate Completion Date
Pass Through Grant Agreements Provided to Recipients	August 31, 2026
Contract Management for Pass Through Grant Recipients	June 30, 2028

Dissemination

Describe your plans for dissemination, presentation, documentation, or sharing of data, results, samples, physical collections, and other products and how they will follow ENRTF Acknowledgement Requirements and Guidelines.

Minnesota Department of Natural Resources Grants Unit staff are in frequent contact with ENRTF pass-through appropriation recipients through phone calls, emails, letters, training, surveys, and manuals. In addition, a website with grantee resources can be found here: <http://www.dnr.state.mn.us/grants/passthrough/index.html>

Long-Term Implementation and Funding

Describe how the results will be implemented and how any ongoing effort will be funded. If not already addressed as part of the project, how will findings, results, and products developed be implemented after project completion? If additional work is needed, how will this work be funded?

The Grants Unit will continue contract management through existing policies and procedures, including Office of Grants Management policies; procedures laid out in ENRTF statute, appropriation language, and workplans; and in Grants Unit policies and procedures laid out in attachments to grantee contracts.

The Grants Unit will continue to track contract management activities and metrics through its database and through state-mandated file retention procedures, and communicate any relevant findings to LCCMR staff. Additional work would be funded with future appropriations.

Difference between Proposal and Work Plan

Describe changes from Proposal to Work Plan Stage

Reviewed and confirmed data, changed requested end date and reporting dates, and added dissemination information.

Additional Acknowledgements and Conditions:

The following are acknowledgements and conditions beyond those already included in the above workplan:

Do you understand and acknowledge the ENRTF repayment requirements if the use of capital equipment changes?
N/A

Do you understand that travel expenses are only approved if they follow the "Commissioner's Plan" promulgated by the Commissioner of Management of Budget or, for University of Minnesota projects, the University of Minnesota plan?

N/A

Does your project have potential for royalties, copyrights, patents, sale of products and assets, or revenue generation?

No

Do you understand and acknowledge IP and revenue-return and sharing requirements in 116P.10?

N/A

Do you wish to request reinvestment of any revenues into your project instead of returning revenue to the ENRTF?

N/A

Does your project include original, hypothesis-driven research?

No

Does the organization have a fiscal agent for this project?

No

Does your project include the pre-design, design, construction, or renovation of a building, trail, campground, or other fixed capital asset costing \$10,000 or more or large-scale stream or wetland restoration?

No

Do you propose using an appropriation from the Environment and Natural Resources Trust Fund to conduct a project that provides children's services (as defined in Minnesota Statutes section 299C.61 Subd.7 as "the provision of care, treatment, education, training, instruction, or recreation to children")?

No

Provide the name(s) and organization(s) of additional individuals assisting in the completion of this project:

DNR: Katherine Sherman-Hoehn, Emily Engel, Mary Robison

Do you understand that a named service contract does not constitute a funder-designated subrecipient or approval of a sole-source contract? In other words, a service contract entity is only approved if it has been selected according to the contracting rules identified in state law and policy for organizations that receive ENRTF funds through direct appropriations, or in the DNR's reimbursement manual for non-state organizations. These rules may include competitive bidding and prevailing wage requirements
