Narrative

Describe the opportunity or problem your proposal seeks to address. Include any relevant background information.

Provide continued contract management services to pass-through recipients of Environment and Natural Resource Trust Fund (ENRTF) dollars appropriated to the commissioner of natural resources.

What is your proposed solution to the problem or opportunity discussed above? i.e. What are you seeking funding to do? You will be asked to expand on this in Activities and Milestones.

This appropriation will be used to continue and enhance contract management services to pass-through recipients of ENRTF appropriations to the Commissioner of Natural Resources. The goal of contract management is to ensure that grantees are properly reimbursed and that organizations operate in compliance with ENRTF pass-through appropriation procedures, policies from the Department of Administration's Grants Management, ENRTF statute, and the recommendations of the Legislative Auditor. Contract management includes: grant agreements and amendments, training, technical assistance, reporting, fiscal monitoring, reimbursement request processing, and close-out of grants.

What are the specific project outcomes as they relate to the public purpose of protection, conservation, preservation, and enhancement of the state's natural resources?

The OMBS Grants Unit's goal is to provide pass-through recipients with the contract management, technical assistance, and grant monitoring they need to successfully complete their conservation work. The Grants Unit provides grantees with one consistent point of contact for their agreements and delivers timely, responsive, customer service. The Grants Unit also collaborates with LCCMR staff as necessary to ensure the appropriate administration of projects.

Activities and Milestones

Activity 1: Contract Management

Activity Budget: \$210,000

Activity Description:

The Grants Unit manages grant agreements for special environment and natural resource projects recommended by LCCMR and appropriated by the legislature to ensure that all projects operate in compliance with state and LCCMR requirements. Services include:

Contract Management

- o Meeting statutory and Office of Grants Management (OGM) requirements for grant agreements, including contract creation, payment requests, monitoring, and closeout
- o Processing reimbursement requests promptly, in compliance with state and DNR policies and LCCMR-approved workplan
- o Working closely with and responding to requests from the Office of the Legislative Auditor
- o Developing and maintaining accurate reports on Trust fund and individual project status
- o Working cooperatively with LCCMR staff and recipients to resolve questions and make changes
- o Improving processes to increase efficiency and ease for recipients while ensuring fiscal integrity

Training and Ongoing Communication

- o Training recipients on state requirements to ensure they understand the state’s contract and reimbursement procedures and requirements
- o Providing ongoing technical assistance and one-on-one work with recipients where necessary
- o Responding to LCCMR requests for information or assistance

The Grants Unit uses a professional service rate to charge for work, with expenses charged only for actual hours worked and services delivered.

Activity Milestones:

Description	Completion Date
Pass Through Grant Agreements Provided to Recipients	August 31 2022
Contract Management for Pass Through Grant Recipients	June 30 2024

Long-Term Implementation and Funding

Describe how the results will be implemented and how any ongoing effort will be funded. If not already addressed as part of the project, how will findings, results, and products developed be implemented after project completion? If additional work is needed, how will this be funded?

The Grants Unit will continue contract management through existing policies and procedures, including Office of Grants Management policies; procedures laid out in ENRTF statute, appropriation language, and workplans; and in Grants Unit policies and procedures laid out in attachments to grantee contracts.

The Grants Unit will continue to track contract management activities and metrics through its database and through state-mandated file retention procedures, and communicate any relevant findings to LCCMR staff. Additional work would be funded with future appropriations.

Environment and Natural Resources Trust Fund Contract Management Measures

The OMBS Grants Unit tracks several basic metrics to judge trends in contract management work and set strategic and staffing goals for the year.

Open Grants Per Year

The number of open Environment and Natural Resources Grants per year increased sharply from FY17 to FY18 and has held steady since, with a slight increase in FY20. While there were no new grants in FY21, COVID extensions meant active grants dropped only slightly. Grants last an average of 2.25 years.

Payments to Grantees

Grant Specialists process 168 payments a year on average. Payments have remained overall steady with minor fluctuations. COVID had little effect on payments in FY20. If trends continue, FY21 will show a sharp drop, largely due to the lack of new grants in FY21.
