Narrative

Describe the opportunity or problem your proposal seeks to address. Include any relevant background information.

The 130 acres we are requesting funding for has a 60x80 to keep all equipment sheltered. Attached to the pole barn is a kitchen and living area that sleeps 6 and an extra bedroom inside the pole barn that all can sleep 10 people. There are about 25-30,000 trees for shelter belts etc. There are also 5 upright deer stands with roof shelters and steps with rails for hunting or just simply observation purposes. The trail system around the property is planted in alfalfa - 5 food plots. It also has native grasses to feed and protect the pheasants and turkeys during the winter months. They have planted about 25 acres of these items listed above. The property also has a lake on one edge for waterfowl hunting also. Also with the land is a list here of equipment that also comes with the purchase--4320 John Deere tractor w/bucket w/ac-760 riding lawn mower-brush hog- snowblower that fits on the 4320-tiller for the 4320-planter-spray system for corn and soybeans-2 Yamaha 4 wheelers-Bad Boy buggy (electric)-wood splitter-trailer for 4 wheelers-boat for duck hunting-decoys for duck geese and turkey hunting-2 ground blinds-chain saws-refrigerator-freezer along too many to mention shovels rakes etc

What is your proposed solution to the problem or opportunity discussed above? i.e. What are you seeking funding to do? You will be asked to expand on this in Activities and Milestones.

This property is set up so perfect for us other than maintain what is already there other than add some ponds possibly to attract waterfowl. All we need is the approval for the funding to be able to do a dream come true place for the disabled and seniors to enjoy and they certainly deserve an area such as this!

What are the specific project outcomes as they relate to the public purpose of protection, conservation, preservation, and enhancement of the state's natural resources?

This possible purchase I am told would be able to be owned by Midwest Outdoors Unlimited. We would be responsible for all events etc that would be conducted on this property.

Activities and Milestones

Activity 1: acquisition of 130 + acres of land -building and equipment

Activity Budget: \$950,000

Activity Description:

We would be taking disabled people and senior citizens out to enjoy all the varieties of outdoor opportunities that are available with this possible acquisition. There are so many activities that could be done on this property because of the way it has been already set-up to do. Also protecting this property from development of homes and agriculture

Activity Milestones:

Description	Completion Date
acquisition	June 30 2023

Project Partners and Collaborators

Name	Organization	Role	Receiving Funds
Ronald Eugene Welle CEO	midwest outdoors unlimited	I founded this non-profit organization in 2008 and I have a state board of 5 people spread out across Mn.I oversee all activities that the organization performs throughout the year.That would be the case also if this purchase were to happen	Yes

Long-Term Implementation and Funding

Describe how the results will be implemented and how any ongoing effort will be funded. If not already addressed as part of the project, how will findings, results, and products developed be implemented after project completion? If additional work is needed, how will this be funded?

As I mentioned, the only thing we would have to do is maintain what is present and the waterholes would be done by us midwest outdoors unlimited
