The SSTDC meets LCCMR's constitutional aim of protecting, conserving, preserving, and enhancing Minnesota's air, water, land, fish, wildlife, and other natural resources all in one location. The center will educate and train people from around the State of Minnesota, increasing their knowledge of the outdoors and teaching them skills that will help them cultivate a sustainable lifestyle and maintain a healthy and biodiverse natural environment through hunting, fishing, and other outdoor activities.

The center would include 90 RV and 24 primitive camp sites, bog walk trails, hunting & trapping training facility, educational areas, parking space, equipment/maintenance building, restroom/shower facilities and seating bleachers. Educational activities will include trapping and hunting, environmental/wetlands training, drafting training manuals and providing workshops to designed to get more people involved in outdoor activities,
